Don and PME training provided one to one development for one of our most experienced clerks. I felt the clerk in question would get more out of this more targeted approach to knowledge development than they would from the more traditional group training style sessions. The sessions proved to be excellent. The clerk really enjoyed them and the improvements in an already excellent clerk have been significant.

## About PME

I was introduced to Don by a CEO from a prestigious London set, who was keen for the two of us to meet as she thought we would be a good match, professionally and personally. Her judgement was spot on. So, over a pizza in Lincoln Inn Fields the Practice Management Excellence brand was first conceived as the personnel development arm of ABC Chambers Solutions. This partnership, unique in this field, gives PME its bespoke and distinctive client proposition.

My experience of over 40 years as a Bar Clerk, including 25 years as Senior Clerk, along with the hugely experienced consultants who help to form ABC, has helped me cement my company's reputation for providing unrivalled knowledge and first-hand experience. Putting this together with Don's strategic managerial business experience, his professional credentials and qualifications, his personal credibility and passion for people development makes us a unique duo that has become Chambers' first choice for specialised business development support.
