

Professional Presentation Skills

“Effective presentation skills are vital to engage your audience. Be the best you can be and make it count.”

We support you to deliver your business goals

Presenting seminars and lectures is a key opportunity for Barristers to develop their personal profile and generate business. The skills and techniques can be very different from those needed as an advocate.

Our seminar is engaging but rigorous. We help delegates connect with their audience and give them the essential skills necessary to create and deliver a presentation effectively.

The course outline:

“I enjoyed the session, it was very relevant, well managed and demanding. It was constructive in delivery and moreover very practical. I have lots of ideas for my next presentation and I would certainly recommend this training to others.”

I was introduced to Don by a CEO from a prestigious London set, who was keen for the two of us to meet as she thought we would be a good match, professionally and personally. Her judgement was spot on. So, over a pizza in Lincoln Inn Fields the Practice Management Excellence brand was first conceived as the personnel development arm of ABC Chambers Solutions. This partnership, unique in this field, gives PME its bespoke and distinctive client proposition.

My experience of over 40 years as a Bar Clerk including 25 years as Senior Clerk, along with the hugely experienced consultants who help to form ABC, has helped me cement my company's reputation for providing unrivalled knowledge and first-hand experience. Putting this together with Don's strategic managerial business experience, his qualified credibility and passion for people development makes us a unique duo that has become Chambers first choice for specialised business development support.

We look forward to welcoming you to one of our popular courses soon.
